April 01, 2020

- Dan Russell : if you want to ask me about the CARES program call me at 859-435-5726
- Kyle Sullivan : Andy, how would you set up the AM transmission?
- Andy Waldroup : We bought a transmitter that just connects directly to the sound board.
- Jim Woolums : You can purchase AM or FM transmitters to do this kind of service
- Keith : How would you handle drive in church and someone needing to use restrooms, then another sees this and needs to use it, then someone needs to use nursery to change diaper...
- Andy Waldroup : According the Gov. Beshear's guidelines, no one can get out of their cars, so that means to mean that they wouldn't be able to come in the building for restrooms, nursery, etc.
- Andy Waldroup : Here is the AM Transmitter we got: <https://www.chezradio.com>
